

5th Autumn School & Workshop of Regional Training Network in
Theoretical Physics
“Physics of the Standard Model and Beyond”

TSU, Tbilisi, Georgia, September 25-30, 2017

Topics:

- Flavor symmetries
- Quark flavor physics and QCD input (lattice as well as non-lattice)
- B-decays and the search for the BSM physics
- Searches for the electric dipole moment
- Selected topics in gravitation and cosmology

Sept. 25-27, Workshop

Sept. 28-30, School for MSc and PhD students

Organizing Committee:

Merab Eliashvili (TSU, Tbilisi, Georgia)

George Jorjadze (FU Tbilisi, Georgia)

Armen Nersessian (YSU, Yerevan, Armenia)

Thomas Mannel (U Siegen, Germany)

Ulf-G. Meißner (U Bonn, Germany)

Akaki Rusetsky (U Bonn, Germany)

Mirian Tabidze (TSU, Tbilisi, Georgia)

Zurab Tavartkiladze (Iliani, Tbilisi, Georgia)
